

### COACHING EDUCATION COGNATE

The Cognate in Coaching Education is available for ESHE students in the Exercise and Sport Science Concentration. Students must complete the ESHE foundations requirements and two (2) ESHE cognates to meet concentration requirements.

Students choosing Coaching Education as one of their cognates must complete a minimum of 24 hours of coursework in the cognate.

Students should exercise careful thought as to the ESHE cognates that provide the most appropriate academic training to meet their needs. They should consult with an ESHE advisor early in the program of study.
