Write one report on your lab assignment per team.

Length: 3 pages ~ 5 pages. (11 font)

Content: The report must contain the following sections:

0. Information on your team
   Pod Number
   Names of your team members

1. Introduction
   Why do you think a lab assignment is important?

2. Lab Assignment
   Explain what you've done. Assume that the reader of your paper has the network background and does not know about the lab assignment at all.

3. Lesson Learned
   What did you learn while you were working on the lab assignment?

4. Suggestions to Improve the Lab Guide
   When you suggest, you must write a lab guide about the suggested part.

5. Concluding Remarks

6. References (Books or Other Materials)
