

ITEC451 – Activity 19 (in a group of two or three)

Network Monitoring, Traffic Shaping

PfSense, Untangle, and More Firewalls

Note that your team will give a 20-minutes presentation.

[What to Do]

- (1) Submit a presentation slide to D2L
- (2) Prepare a 20 minute presentation in a group of two or three on PfSense, Untangle, and at least one more firewall software or appliance.
 - a. You may start from the following three websites:
 - i. Comparison of Firewalls (https://en.wikipedia.org/wiki/Comparison_of_firewalls)
 - ii. PfSense (<https://www.pfsense.org/>)
 - iii. Untangle (<https://www.untangle.com/>)
 - b. Please include the followings:
 - i. What it is?
 - ii. How to use and configure it?

[Where to Submit] To the assignments submission folder named “Activity 19_NetworkMonitoring_TrafficShaping” in D2L
