

ITEC451
Activity 8
(As a group of two or three)

[Read a Research Paper and Have a discussion]

What to do:

1. (35 minutes)
Read the paper entitled “A Model for Survivable Low Cost Access Area Network Design in a New Europe,” and have a group discussion to understand the following.
 - a. What is the problem? What is the objective?
 - b. What are the decision variables and what each of them mean?
 - c. What is the objective function? Explain its meaning.
 - d. What are the constraints? Explain the meaning of each of them.
2. (10 minutes) Class discussion
