CHLOE NORRIS
DAN OVERTON
BRAD DAVIS
JOSH HODGES

Good Afternoon! and thank you for attending the Acumen Developers Six Week Update. We really appreciate that you were able to make it today, and can only hope that your organization is just as excited as we are. This handout is just a small outline of our project, so feel free to write notes and ask questions about our presentation.

Handout is available digitally at http://www.radford.edu/softeng18/project.html

ACCOMPLISHED ITEMS

Website

COMPLETION GOALS

All the Accounts are Created

Web Presence is Synergized

Client is **100%** Satisfied

Proposed Website Changes

Information Hierarchy

fig-1

fig-2

Information Hierarchy is a how the webmaster orders and arranges the various media and information on a website.
Different layouts can be used to accentuate media that you want your viewers to see. Fig 1 shows a layout that is best for text, where fig-2 shows a layout that displays media better.
